

GPSSD - Academic Year 2017-2018 Registration Policy

GPSSD is open to all students with the academic skills and the desire to master the German language. The student body is made up of children of diverse ethnic and language backgrounds.

A significant number of our students hear and/or speak German at home. Others hear and /or speak another language besides English or German. Students range in age from 3 to 18 years and come from many different communities in San Diego area.

At GPSSD, enrollment numbers are limited only to keep class sizes at a level conducive to a positive learning experience. Returning students and their siblings are given preference over new families. Only after the school has received both the registration information and the registration fee, your child’s registration will be processed. Full tuition payment must be received at the latest on the first day of the new school year.

If there are more applications than openings, the school will maintain a waiting list. Families with children who could not be accepted may opt to be placed on this list by notifying the school and submitting a payment of a one-time processing fee of \$25.00. Families which were placed on the waiting list and did not get a space for their child(ren) during the school year may register for the following school year during the early registration period for “current families.”
